

Compassion and Support

The Orange County Rape Crisis Center is dedicated to providing a space for healing for survivors and their loved ones. We serve over 600 clients per year, providing support, resources, and information that allow them to heal.

“The Center has given me strength to carry on and a place to be me.”

Latino Services

Se habla español. All of our services are also provided in Spanish through our Latino Services program. We offer bilingual and culturally competent services to Latinas, Latinos, and other Spanish speakers. These services include our crisis response services, support groups, and community education programs.

Crisis Response Services

Our 24-Hour Help Line operates every day of the year. Anyone can call to ask questions, find more information about services, obtain therapy referrals, or just talk and know someone is really listening. Trained Companions answer the line and are also available to accompany survivors to the hospital, meetings with law enforcement, and court appointments.

Support Groups

The Center offers a variety of support groups. We offer groups for survivors of rape and sexual assault, adult survivors of child sexual abuse, Spanish-speaking survivors, secondary survivors (partners and family members of survivors), and more. We also offer alternative groups and workshops such as a running group, arts workshops, nature-oriented groups, and movement and yoga workshops.
